ADHESIVES IN MAT MANUFACTURING

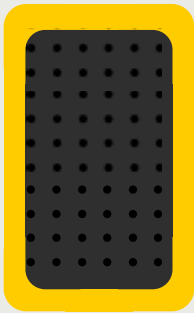

Commonly found MATS

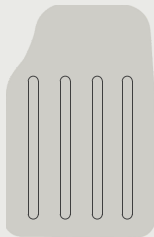

Entrance/Door
Mats

Logo Mats

Industrial/Anti-Fatigue
Mats

Automobile Mats

Mats like these can be manufactured using CYANOACRYLATE ADHESIVES

Cyanoacrylates are **strong, fast-acting adhesives** that instantly bond many materials:

RUBBER
FOAM
METAL
WOVENS
NON-WOVENS

Cyanoacrylates aid in **laminating dissimilar materials** in multi-layer mats and **adding custom logos**.

Cyanoacrylates ensure mats meet RIGOROUS DEMANDS

Weather resistance

Wear & tear

Flexibility
